

Cable Tray

Cable Management

Features

- Unique design allows easy installation of cable/velcro ties
- Utilises space between mounting rails and side panels
- Ensures cables are managed easily and effectively

Available in 100mm or 150mm wide models to maximise cable storage area. Easy installation with 4x M6 screws. Available to fit SRA racks ranging from 12RU to 48RU.

Details

All cable trays are made from 1.2mm powdercoated zinc annealed steel.

Perforations allow for easy installation and removal of cables.
