

SRA

Server Racks Australia

Front-Back Telescopic Cable Manager

Features

- Adjustable length to suit all rack depths
- 3 mounting options to suit all requirements

The front to back telescopic cable manager is depth adjustable (min 585mm - max 1170mm). The 3 mounting positions allow it to mount directly to the side of the mount rails or the front of the mount rails using the supplied brackets or it can be fitted directly onto the back of the SRA 800 wide vertical cable manager as shown.

Details

All horizontal cable managers are manufactured from 1.15mm powdercoated zinc annealed steel.
