

19" and 21" Shelves

ACCESSORIES - COMMERCIAL & SECC

SRA Solutions manufacture a range of general purpose shelves designed for use with both 19" racking systems and 21" telecommunication vendor equipment.

All our shelves are designed around universal 19" and 21" standards, compatible with leading vendor manufacturers.

- Suitable for 600mm-1200mm rack depths
- Perforated slots also allow securing of equipment
- Quick and easy installation

Available Colours:

Mannex Black

FEATURES:

19" and 21" Size Options

SRA Solutions manufacture a range of general purpose shelves designed for use with both 19" and 21" racking systems. Suitable for use with all rack depths all our shelves are designed to deliver compatibility with leading vendor equipment manufacturers.

All fixed and sliding shelves have adjustable mounts to suit 600mm-1200mm deep racks.

Light and Heavy Weight Capacity

Typically designed for lightweight network gear, communication and audio systems our lightweight shelves are recommended to carry up to a maximum 25kg.

Designed for professional network and communications installations SRA Solutions heavier duty shelf options are recommended to carry loads from 50kg up to 110kg.

BENEFITS:

Cantilever, Fixed and Sliding

Cantilever shelves are available in 19" and 21" widths and a 350mm compact depth, perfect for non-rack mounted options such as manuals, modems or switches

SRA Solutions fixed and sliding shelves are available in 19" and 21" widths and various size depths and feature perforations to allow the tiedown of telecommunications equipment.

Design and Operation

Manufactured from 1.5mm Zinc Annealed Steel and powder coated in a durable black finish, all shelves are supplied ready to install with mounting hardware.

This product is designed to comply with The European Telecommunications Standards Institute (ETSI) - ETS 300 119-3.

Warranty

All SRA Solutions shelves and accessories come with a 12 month parts only warranty. Refer to SRA Solutions standard terms and conditions.

19" CANTILEVER SHELVES

19" 2U Cantilever Shelf

Available Colours:

Mannex Black

This 2U general purpose shelf is designed for use with 19" racking systems.

Material: 1.15mm Zinc Anneal steel
 Finish: Textured electrostatic powder coat - corrosion resistant
 Colours: Mannex Black
 Size: 88mm high, 440mm wide (usable space)

Weight:

Product Specifications:

Dimensions	Height	Width	Depth
External	88mm	481mm	350mm
Packaging	000mm	000mm	000mm

Technical Specifications:

Part ID	Model	Type	
127327	Shelf 2U Cantilever 350	19"	BUY NOW

* Mounting hardware included -

1 x cantilever shelf base
 2 x cantilever shelf sides
 2 x self tapping screws
 4 x cage nuts
 4 x M6x16 fasteners

Product Information

SRA Solutions manufacture a range of general purpose shelves designed for use with 19" racking systems. Typically suitable for use with all rack depths, these light weight shelf options are only recommended to carry up to 25kg.

All our shelves are designed around universal 19" standards, to deliver compatibility with leading vendor equipment manufacturers.

Designed for lightweight network gear, communication and audio systems:

- Small, medium servers
- DVRs and security equipment
- Patch panels, switches and rack mount equipment
- Telephone systems
- Pro audio

Notes:

- Maximum weight capacity: 24kg

19" FIXED SHELVES

19" 1U Fixed Shelf

Available Colours:

Mannex Black

This 1RU ventilated fixed shelf is suitable for use with 600mm-1200mm deep racks.

Material: 1.15mm Zinc Anneal steel
 Finish: Textured electrostatic powder coat - corrosion resistant
 Colours: Mannex Black
 Size: 32mm high, 411mm wide (usable space)

Weight:
